Here are two irresistable tunes composed by Manx musician, Laura Rowles, to celebrate her father's wedding. Laura writes: "'You're Never Too Old' was written for my Dad's wedding to my Step-Mum, Sheena. My Mum died when I was quite young, and my Dad waited until he was 65 to get married again - hence the title!" This tune was used as the recessional, while the next tune, "Sheena's Waltz" (on p. 76) was played as the processional. What a perfect tribute to honor the happy couple!
